DIGITAL GOVERNANCE SYSTEM (DGS)

Annual Governance & Commercial Reference
Linked Document: TCSP-01 Rev.1
Document Type: Commercial Annexure

PURPOSE - The Digital Governance System (DGS) is NLETA's customer-oriented engineering governance platform for maintaining digital asset records, QR history, callback analytics, compliance tracking and engineering documentation. DGS complements the work of Lift Owners and Maintenance Agencies without interfering with their internal SOPs or proprietary practices.

DGS ANNUAL COMMERCIAL MATRIX

Society Platform Fee - ₹ 7,500 / Society / Year
Includes:

- Society Dashboard
- Digital Administration
- QR Platform
- Engineering Database
- Management Login

Per Lift Governance Fee

Total Lift Units	Per Lift / Year (₹)
1–5	**2,500**
6–10	**2,350**
11–20	**2,200**
21–30	**2,050**
31–40	**1,950**
41–50	**1,900**

STANDARD COVERAGE - Each participating lift includes:
QR Digital Identity, Digital Logbook, Inspection Archive, Callback Register, Photo Evidence, Video Records, Compliance History, Annual Dashboard

MULTI-LIFT GOVERNANCE BENEFITS - Projects having multiple lifts under one management receive:

- Single Project Coordination
- Smart Tower-wise Scheduling
- Consolidated Executive Dashboard
- Management Presentation
- Unified Digital Asset Register

These are governance benefits and do not reduce engineering inspection quality.

IMPLEMENTATION NOTE- DGS pricing covers annual engineering governance only. Training programs, awareness events, mock drills, multilingual material, printing, auditorium arrangements, photography and videography shall be quoted separately wherever required.

COMMERCIAL TERMS

- GST Extra as applicable.
- Travel & logistics finalized through mutual discussion.
- Multi-location projects shall be quoted separately.
- Document validity remains linked with TCSP-01 Rev.1.
